Spring Course 2012

10 - 14 April

The Spring Course is aimed at dancers aged 12–16 years with a minimum of RAD Intermediate Foundation Ballet or equivalent.

Ballet is at the core of the course and you will be grouped by age and ability. You will also take classes in Pointe (where appropriate), Contemporary and Body Conditioning, all taught by Central's outstanding teachers. There will be the exciting opportunity to watch a preview of Ballet Central's tour with a question and answer session so you can learn all about life on the road with a touring dance company.

On the final day parents and dance teachers are invited to watch class. If you are considering taking your dance training further, the programme offers excellent intensive training.
