<b>COURSE OUTLINE:</b>	<p>The BA (Hons) Top-up Degree in Professional Dance and Performance is a full-time, one-year course, principally designed to offer a course of study that is continuous with that provided by the school's Foundation Degree course, or equivalent. The course comprises five modules of study with a total of 120 credits, which are all required to obtain the final degree award BA (Hons).</p> <p>This course provides a practical understanding of the technical skills and artistry required by the profession in Ballet, Contemporary and Jazz techniques with the opportunity to extend the skill base to virtuosic level, and provides training in aspects of musical theatre performance.</p> <p>Throughout the course, and extensively in the Ballet Central module, knowledge is used in creative situations working with teachers and external professional practitioners leading to public performance opportunities in a range of contexts, including a national tour of small and mid-scale theatres.</p> <p>The development of individual talent and unique performance qualities is achieved through the breadth of the curriculum, and, most importantly, the National Tour Ballet Central module. In this, the preparation and performance of a wide range of repertoire, requiring the practical application of different techniques and styles, alongside variations in artistic and musical interpretation and characterisation, facilitate the development of individual strengths and versatility, leading to the development of the distinctive and unique performing artist.</p>

<p><b>METHOD OF STUDY:</b>  (for example, lectures, seminars, work placements)</p>	<p>A range of teaching methods is employed for different learning outcomes and contexts; the knowledge is acquired through a number of routes. These may include:</p> <ul style="list-style-type: none"> <li>• Weekday classes / coaching.</li> <li>• Group and one to one tutorials.</li> <li>• Practical workshops (Repertoire and choreography).</li> <li>• Collaborative peer projects.</li> <li>• Seminars focused on prescribed reading or learning assignment.</li> <li>• Video screenings and analysis.</li> <li>• Visits to theatre or other performance events where available.</li> <li>• Rehearsals, performances, and lectures with professional practitioners.</li> <li>• Independent research and presentation on set project, providing experience of structured intellectual enquiry and critical analysis, and demanding the ability to articulate observations and conclusions in a clear and persuasive written form.</li> <li>• Self-led study.</li> </ul>
<p>Workload including number of contact hours with School staff and expected self-study:</p>	<p>This is a vocationally orientated course; therefore, the number of contact hours exceed standard university courses.</p> <p>Due to the structure of the course, rehearsals for the performance tour will cover the majority of contact hours during the Spring and Summer terms.</p> <p>The course comprises of five modules to a total of 120 credits. One credit corresponds to approximately ten hours of 'learning time' (including all classes, self-led study and research). Therefore, obtaining 120 credits in an academic year requires 1,200 hours of overall learning time.</p>
<p>The overall methods of assessment for the Modules (for example exams, course work or practical assignments):</p>	<p>The course is a practical, vocational training course for dancers. This means that assessment is mostly of practical work both on a continuous basis and in formal assessment events. In addition, independent project and Contextual Studies work will be assessed both on a continuous and formal basis.</p> <p>Feedback from all assessments is given with written or verbal comments. In addition, students receive ongoing feedback in practical classes and through tutorials. Feedback from these sources combined with on-going self-assessment allows the student, in consultation with their tutor, to set regular learning targets.</p> <p>Achievement is assessed by a variety of methods in accordance with the learning outcomes of the modules specified for the relevant level.</p>
<p>The award students will receive on successful completion of their course:</p>	<p>BA (Hons) Top-up in Professional Dance and Performance, validated by the University of Kent.</p>
